Dear Vladimir,

Trans Lifeline is happy to be a partner of Giving Palette and we are looking forward to working together.

Trans Lifeline does not receive government funding and is primarily funded by individual donations from listeners who believe what we're doing is important work. Your contribution means so much more than just helping us keep the lights on and pay bills: it will help save a life by connecting callers to resources such as housing, employment, mental health care providers. This will help us continue to help people who are looking for information on specific needs like housing or employment.

Our goal at Trans Lifeline is to make sure that everyone has access to quality mental health care when they need it most. This includes trans and questioning survivors of sexual assault, self-harm, eating disorders, addiction. On behalf of our volunteers, staff, families, I thank you for your support. Thank you so much for believing in what Trans Lifeline does!

Sincerely

Bri Barnett  
Director of Development
